What is the Quarterly City Managers Report?

The Quarterly City Managers Report is a summary report on the finances and management of the City of Philadelphia. It is prepared under the direction of the Mayor's Office by the **Office of Budget and Program Evaluation**, in cooperation with the **Office of the Director of Finance** and the **Office of the Managing Director**. The report is based primarily on information provided to these agencies by City departments and agencies.

The purpose of the **Quarterly City Managers Report** is to provide the senior management of the City of Philadelphia with a clear and timely summary of the City's progress in implementing the financial and management goals of the current year of the City's Five-Year Financial Plan, both on a "Year to Date Actual" basis and on a "Forecast for Full Year" basis.

The **Quarterly City Managers Report** contains the following reports and schedules:

General Fund: The General Fund is the principal operating fund of the City of Philadelphia. (For an explanation of the City's overall financial fund structure, see "Methodology for Financial Reporting" elsewhere in this Report). The **Quarterly City Managers Report** presents an overview of General Fund revenues by major revenue source and obligations by department. Additional detail is provided regarding General Fund direct wage and salary obligations by department; General Fund purchase of service contract obligations; and General Fund overtime utilization. All reports present budget targets, year-to-date actuals and year-end forecasts.

Departmental Full Time Positions: The **Quarterly City Managers Report** includes a report on budgeted and filled full-time positions for all City departments on an All Funds basis. This report presents budget targets, year-to-date actuals and year-end forecasts.

Departmental Leave Usage: Departments are ranked highest to lowest in terms of leave usage for the quarter. The percentages represent the total number of days used over the total number of days available to be worked in the quarter for General Fund employees.

Departmental Service Delivery Report: This report includes both quantitative measurements of departmental service levels and qualitative measurements of performance. This report compares service levels year-to-date with original departmental projections and year-end forecasts with original projections and the actual level of service in the prior year.

Water Fund and Aviation Fund: The Water Fund is the fund in which activities related to the City's water supply and wastewater disposal are reported. The Aviation Fund is the fund in which activities related to the operation of the Philadelphia International Airport and the Northeast Philadelphia Airport are reported. The **Quarterly City Managers Report** presents a quarterly overview of Water and Aviation Fund revenues by major revenue source and obligations by department at the end of the quarters concluding in September, December, March and June. All reports present budget targets, year-to-date actuals and year-end forecasts.

Grants Revenue Fund - Unanticipated Grants: A listing is included, of all unanticipated grants received and recorded in the City's Grants Revenue Fund during the preceding three months.

Cash Flow Forecast: Most financial reporting in the **Quarterly City Managers Report** is presented on a modified accrual basis, consistent with the City's accounting methodology. Under the City's modified accrual accounting rules, some revenues are reported on an accrual rather than a cash basis and obligations are recorded when encumbered or expended. To enable the reader to assess the City's actual current and projected year-end cash position, the City Managers Report also presents a cash flow forecast for the fiscal year. Actual cash results are presented for all months of the fiscal year for which cash receipt and disbursement activity has been recorded, and a projection is made for the balance of the fiscal year.

QUARTERLY CITY MANAGERS REPORT
FOR THE PERIOD ENDING June 30, 2010**

Introduction

This Quarterly City Manager's Report (QCMR) for the fourth quarter FY2010 projects that the General Fund will end FY2010 with a fund balance of negative \$51.7 million. This is lower than projected from the previous quarter by \$763,000. The information contained in this QCMR is reflected in the FY2011-2015 Five Year Financial Plan with Budget Revisions that was approved by PICA on August 11, 2010.

Revenues

The total projected revenues for the end of June 2010 amount to \$3,788,618,000, approximately \$4.7 million over the projection from the previous quarter. Tax revenue is projected to be almost \$450,000 above the previous quarter's projections, impacting the PICA City account by a positive \$800,000. Revenues from other funds of the City are projected to be \$3,500,000 over the previous quarter.

Expenditures

The total projected obligations for the end of June 2010 amount to \$3,727,587,000, approximately \$5.5 million over the projection from the previous quarter. This is all in the "Purchase of Services" expenditure class, and represents increased expenditures of \$3 million in the Streets Department costs for trash disposal, and a \$2.5 million increase in Public Property for lease payments.

4th quarter figures are approximate, as this report will be published before actuals are known.

* Point-in-time on last day of fiscal year (6/30) for year-end actuals; on last day of quarter in current fiscal year

Children and Youth Division (CYD)

- 1) The number of Child Protective Services reports decreased slightly from FY09 to FY10 (less than 1%). The decrease is desirable because it would indicate less instances of child abuse in the City and utilize less staff resources to investigate allegations.
- 2) The number of General Protective Services reports increased 12% from FY09 to FY10. The increase is undesirable because it indicates more instances of child neglect in the City and utilizes more staff resources to investigate allegations.
- 3) A 10% decrease from FY09 was the goal set for Child Placement in FY10. DHS exceeded its goal by decreasing the placement population by more than 11%. The decrease is desirable as it indicates more children are remaining in their own homes or are exiting foster care to a permanent home (reunification with family, adoption, or permanent legal custodianship). As the placement population shrinks, less funding is needed to maintain children in foster care.
- 4) The goal for Finalized Adoptions was to increase the number by 15% annually. DHS exceeded its goal by increasing finalized adoptions by 30%. The increase is a positive trend as it indicates more children were adopted in FY10.
- 5) DHS increased the number of Permanent Legal Custodianships by 18% as compared to FY09. The increase is a positive trend as it indicates more children were granted permanent legal custody (exited the foster care system to a permanent home) in FY10.

Juvenile Justice Services (JJS)

- 1) The average daily population decreased 17% in FY10 as compared to FY09. A decrease in population is desirable as it indicates more children are remaining in their own homes and are receiving necessary services in the community. This in turn decreases the need for funding needed to maintain children at the YSC.
- 2) The goal is to have 0 days over the mandated cap; however, placement at YSC is court ordered. Yet, the number of days per month over the cap decreased 51% in FY10 compared to FY09.
- 3) The percent of days per month over the cap decreased from FY09 to FY10 creating a positive trend.
- 4) In FY10, DHS exceeded its goal by decreasing the delinquent placement population by 8%. The decrease is desirable as it indicates more children are remaining in their own homes and are receiving necessary services in the community. As the placement population shrinks, less funding is needed to maintain children in foster care.

^a Items #3 & 4 FY10 (in percentages) represent data compared from FY09 to FY10.

=3rd Quarter figures have been updated to read actuals. Response time significantly higher due to severe snow storms.

4th quarter figures represent data received for the period of April 1st to the 16th, actuals will be known after this report is published.

1) The fundamental source data for these calculations is derived from the Department's Computer Assisted Dispatch (CAD) system maintained by the Fire Communications Center (FCC). The FCC queries the CAD for archived medical incidents, and produces text files for a pre-determined period. These files/incidents contain such information as location, call received time, dispatch time, on scene time, etc. The text files are then forwarded to the Office of Emergency Management's GIS manager for geo-coding, statistical analysis, and density map trending.

2) The fundamental source of data for these calculations is again the Department's CAD system. Data for fire related type responses and unit response times is exported from CAD by the Department's Management Information Services Unit (MIS), and average response times for a pre-determined time period are generated.

3) Again, the fundamental source data is CAD information. The methodology and consequent statistical reports on the subject are prepared by the Department's MIS Unit.

4) The source of this data is from the Department's Fire Marshal's Office standing/ongoing Fire Death tracking logs.

Analysis of Projected Year-End Variances
Water Fund
All Departments
For the Period Ending June 30, 2010

Category	Full Year Proj. Variance Better / (Worse) Than Cur. Target	Reasons / Comments
<u>Revenues</u>		
Locally Generated Non-Tax	\$3.8	Variances are due to higher than projected revenues from: Sales and Charges - \$2.2 million, Sewer Charges to Other Municipalities - \$5.8 million, Fire Service Connections - \$0.7 million, L&I Permits - \$0.2 million and Miscellaneous Revenues - \$0.1 which is being partially offset by lower revenues from Interest Earnings - (\$4.7) million, Surcharges - (\$0.4) million and Contribution from Sinking Fund Reserve - (\$0.1) million.
Other Governments	(0.4)	Variance is due to lower than projected reimbursements from the State and Federal governments for various watershed projects.
Other Funds	(22.0)	Variance is the result of a lower than projected payment from the Rate Stabilization Fund.
Subtotal	(\$18.6)	
<u>Obligations / Appropriations</u>		
Personal Services	5.2	Variances: 1) Water - \$3.9 million, 2) Fleet Management - \$0.8 million and 3) Revenue - \$0.5 million are the result of savings from the delay in filling vacant positions.
Purchase of Services	8.0	Variances: 1) Water - \$6.6 million, 2) Div. of Technology - \$0.7 million, Management - \$0.4 million and 4) Revenue - \$0.3 million are due to lower than projected costs for consultant services, telephone charges, repairs and maintenance.
Materials, Supplies & Equipment	6.6	Variances: 1) Water - \$6.3 million, 2) Fleet Management - \$0.1 million and 3) Revenue - \$0.2 million are due to lower than projected costs for water treatment chemicals, printing, office supplies and equipment.
Contributions, Indemnities & Taxes	1.6	Variance is the result of actual costs for indemnity claims being less than budgeted contingency levels.
Debt Service	(3.2)	Variance is due to a larger borrowing than originally anticipated resulting higher principle and interest payments.
Payment to Other Funds	0.4	Variance is due to a lower than projected payment to the Capital Fund.
Subtotal	\$18.6	
Total	\$0.0

Local Generated Non-Tax	(\$10.7)	Variances are due to lower than projected revenues from: Miscellaneous Revenues - (\$11.5) million, Landing Fees - (\$3.1) million, Parking - (\$2.3) million, Car Rentals - (\$1.3) million, Interest Earnings - (\$1.2) million and International Terminal Charges - (\$0.2) million which is being offset by higher revenues from Concessions - \$7.4 million and Space Rentals - \$1.5 million.
Other Governments	1.1	Variance is the result of higher than anticipated reimbursements from the federal and state governments for various security related projects.
Other Funds	1.2	Variance is due to an unanticipated reimbursement from Capital Funds for prior year expenditures paid from operating fund revenues.
Subtotal	(\$8.4)	
Obligations / Appropriations		
Personal Services	\$5.2	Variances: Police - \$0.3 million, Fire - \$1.0 million, Division of Aviation - \$3.8 million and Law - \$0.1 million are due to savings from the vacancies and lower than planned overtime costs.
Purchase of Services	13.6	Variances: Division of Technology - \$0.3 million, Public Property - \$13.0 million, Fleet Management - \$0.1 million, Finance - \$1.4 million and Law - \$0.3 million are due to lower than projected costs for telephone, utilities, repairs & maintenance, insurance and outside legal counsel which is being offset by higher than projected snow removal cost in the Division of Aviation - (\$1.5) million.
Materials, Supplies & Equipment	2.6	Variances: Fleet Management - \$2.8 million is due to savings from the delay and/or deferral of vehicle purchase and Division of Aviation - (\$0.2) million is due to higher than anticipated costs for snow related supplies.
Contributions, Indemnities & Taxes	3.9	Variance is the result of actual costs for indemnities being less than budgeted contingency levels.
Debt Service	4.6	Variance is the result of lower than projected borrowing for new issues.
Payment to Other Funds	19.7	Variance: Commerce - \$19.7 million is due to payments to the Capital Fund being deferred and or delayed for pay-as-you-go capital projects.
Subtotal	\$49.6	
Total	\$41.2

City of Philadelphia

Quarterly City Managers Report

FOR THE PERIOD ENDING JUNE 30, 2010

METHODOLOGY FOR FINANCIAL REPORTING

QUARTERLY CITY MANAGERS REPORT

For the Period Ending June 30

METHODOLOGY FOR FINANCIAL REPORTING

A. FUND ACCOUNTING

Funds are groupings of activities that enable the city to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City of Philadelphia can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

- ***Governmental funds.*** The governmental funds are used to account for the financial activity of the city's basic services, such as: general government; economic and neighborhood development; public health, welfare and safety; cultural and recreational; and streets, highways and sanitation. The fund financial activities focus on a short-term view of the inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. The financial information presented for the governmental funds are useful in evaluating the city's short term financing requirements.

The city maintains twenty individual governmental funds. The city's Comprehensive Annual Financial Report presents data separately for the general fund, grants revenue fund and health-choices behavioral health fund, which are considered to be major funds. Data for the remaining seventeen funds are combined into a single aggregated presentation.

- ***Proprietary funds.*** The proprietary funds are used to account for the financial activity of the city's operations for which customers are charged a user fee; they provide both a long and short-term view of financial information. The city maintains three enterprise funds that are a type of proprietary funds - the airport, water and waste water operations, and industrial land bank.
- ***Fiduciary funds.*** The City of Philadelphia is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for the Gas Works' employees' retirement reserve assets. Both of these fiduciary activities are reported in the city's Comprehensive Annual Financial Report as separate financial statements of *fiduciary net assets* and *changes in fiduciary net assets*.

B. Basis of Accounting and Measurement Focus

Governmental funds account for their activities using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the city considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as in the case of full accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is

METHODOLOGY FOR FINANCIAL REPORTING

due, however, those expenditures may be accrued if they are to be liquidated with available resources.

Imposed non-exchange revenues, such as real estate taxes, are recognized when the enforceable legal claim arises and the resources are available. Derived tax revenues, such as wage, business privilege, net profits and earnings taxes, are recognized when the underlying exchange transaction has occurred and the resources are available. Grant revenues are recognized when all the applicable eligibility requirements have been met and the resources are available. All other revenue items are considered to be measurable and available only when cash is received by the city.

Revenue that is considered to be *program revenue* include: (1) charges to customers or applicants for goods received, services rendered or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program specific revenues, therefore, all taxes are considered general revenues.

The city's financial statements reflect the following three funds as major **Governmental Funds**:

- The **General Fund** is the city's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.
- The **HealthChoices Behavioral Health Fund** accounts for resources received from the Commonwealth of Pennsylvania. These resources are restricted to providing managed behavioral health care to Philadelphia residents.
- The **Grants Revenue Fund** accounts for the resources received from various federal, state and private grantor agencies. The resources are restricted to accomplishing the various objectives of the grantor agencies.

The City also reports on **Permanent Funds**, which are used to account for resources legally held in trust for use by the park and library systems of the city. There are legal restrictions on the resources of the funds that require the principal to remain intact, while only the earnings may be used for the programs.

The City reports on the following **Fiduciary Funds**:

- The **Municipal Pension Fund** accumulates resources to provide pension benefit payments to qualified employees of the city and certain other quasi-governmental organizations.
- The **Philadelphia Gas Works Retirement Reserve Fund** accounts for contributions made by the Philadelphia Gas Works to provide pension benefit payments to its qualified employees under its noncontributory pension plan.

The City reports the following major **Proprietary Funds**:

METHODOLOGY FOR FINANCIAL REPORTING

The **Water Fund** accounts for the activities related to the operation of the city's water delivery and sewage systems.

- The **Aviation Fund** accounts for the activities of the city's airports.
- The **Industrial Land Bank Fund** accounts for the activities of the city's inventory of commercial land sites.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operating revenues of the Water Fund are charges for water and sewer service. The principal operating revenue of the Aviation Fund is charges for the use of the airport. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. The principal operating revenues of the Industrial Land Bank Fund come from sales of land sites, while the operating expenses are comprised of land purchases and improvements made thereon. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

C. Legal Compliance

The city's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). In accordance with the Philadelphia Home Rule Charter, the city has formally established budgetary accounting control for its operating and capital improvement funds.

The operating funds of the city, consisting of the General Fund, seven Special Revenue Funds (County Liquid Fuels Tax, Special Gasoline Tax, HealthChoices Behavioral Health, Hotel Room Rental Tax, Grants Revenue, Community Development and Car Rental Tax Funds) and two Enterprise Funds (Water and Aviation Funds), are subject to annual operating budgets adopted by City Council. Included with the Water Fund is the Water Residual Fund. These budgets appropriate funds for all city departments, boards and commissions by major class of expenditure within each department. Major classes are defined as: personal services; purchase of services; materials and supplies; equipment; contributions, indemnities and taxes; debt service; payments to other funds; and advances and other miscellaneous payments. The appropriation amounts for each fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes (except for materials and supplies and equipment, which are appropriated together) must have councilmanic approval. Appropriations that are not expended or encumbered at year-end are lapsed.

The City Capital Improvement Fund budget is adopted annually by the City Council. The Capital Improvement budget is appropriated by project for each department. All transfers between projects exceeding twenty percent of each project's original appropriation must

be approved by City Council. Any funds that are not committed or expended at year-end are lapsed.

Schedules prepared on the legally enacted basis differ from the generally accepted accounting principles (GAAP) basis in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures.

D. CITY MANAGERS REPORTS

Projected revenues and obligations reflected on the City Managers Reports are consistent with the above legal basis of Accounting and include all appropriate accruals.

Actual monthly revenue figures do not include revenues measurable and available within 60 days after the month end because it would be impractical to issue timely reports using this method of accrual.

Actual monthly expenditures do not include accounts payable (amounts owed to providers of goods and services which have not been voucherized on the City's accounting records). These amounts, however, are reflected in the encumbrances outstanding for each City agency.

Interfund service charges, an annual expense budgeted in certain City departments, are not included in the actual monthly obligations, but as stated above, are projected in the City's annual costs.
